Principal's Letter Term 1 2026

8 January 2026

Dear Parents/ Guardians,

Happy 2026!

As we begin a new year, we look forward to fresh beginnings and an exciting school year ahead. I would also like to extend a warm welcome to our Secondary One parents and guardians as you join the Riverside family.

At Riverside, we are committed to the holistic development of every child and value a close partnership with parents and guardians in nurturing strong character and unlocking the potential of all our students.

1. School Focus

In line with the Ministry of Education's recent focus on the Future of Learning, the school aims to nurture Future-Ready Learners. To achieve this, the school focuses on building **academic excellence, strong character and life skills**, and **student leadership and agency**.

Riversidians are nurtured to be self-directed learners who strive for academic excellence by setting high expectations, mastering their subjects, and using feedback to improve. Through a suite of programmes, students develop strong character and essential life skills including 21st century competencies. The school also fosters leadership and agency by encouraging students to take ownership of their learning, exercise sound judgement, and reflect on their actions, empowering them to lead themselves and others.

3. Assessment of Students' Learning Progress

Assessment is a way to let students know their learning progress and to take steps to bridge their learning gaps. Students check their understanding and get feedback from teachers through various formative assessment strategies. These include homework, classwork, assignments, and weighted assessment. Please work with us to monitor your child/ward's progress and provide encouragement.

The assessment weighting and distribution of WA and examinations is given below:

4. Enhanced Measures to Promote Healthier Screen Use in Students

As part of the 'Grow Well SG' initiative (launched January 2025), our school is dedicated to enhancing student well-being and promoting responsible digital citizenship.

A key change will be a revised policy on smartphone and smartwatch use during school hours. To help students develop healthier screen habits and reduce distractions, smartphones and smartwatches will not be permitted during school hours. This applies to all school activities, including lessons, recess, CCAs, and supplementary lessons.

Our One Device Policy remains in effect. Students will continue to use their assigned Personal Learning Devices (PLDs), which is the iPad for learning. If your child/ward brings a smartphone/smartwatch to school, it must be locked securely in their personal locker for the entire school day. Please ensure that they are aware of this and have their locker and lock ready.
